4. The engagement of trainers, procurement of machinery and equipment, establishment of labs, and functioning of the Skill Courses in all Government Colleges were discussed in the meeting. The Nodal Officer Skills (Dr. Javed M. Iqbal, Sr. A. P GDC Kargil), informed that trainers have been engaged in the majority of the Skill Courses, and they have been identified and selected in consultation with the respective sector skill council.

5. Commissioner/Secretary commended the College Principals and Nodal Officers of the SSCs for their efforts in introducing the Skill Courses and the following decisions were conveyed in the meeting: -

- a) Principals shall ensure that all laboratories of Skill Courses are fully established by September 8, 2023, and the trainers should also be in place at the earliest, no later than September 8, 2023.
- b) SSCs were requested to ensure close monitoring of the courses and the establishment of skill centers/labs as per SSC standards and norms, and provide continuous support for the setup of the labs and their layout in accordance with SSC standards.
- c) Trainers to be equally involved to ensure the successful functioning of the skill courses.
- d) SSCs to ensure that the Training of Trainers (TOT) for trainers is conducted promptly. Physical ToT may be conducted preferably, if online TOT is allowed by SSC norms for a particular trade, it should also be conducted as soon as possible. Wherever TOT is not required for a particular trainer (based on their prior experience and qualifications), in such cases, College Principals should obtain a written confirmation from the concerned SSC.
- e) The Agriculture Sector Skill Council was requested to provide a detailed proposal for "Greenhouse Operator" and "Beekeeper," including a detailed list of machinery and equipment (M&E) and raw materials (RM), along with an estimated cost for the complete establishment of the labs. These courses may be introduced in a few colleges in the second phase or the next academic session, based on the interests and demands of the colleges.
- f) Based on the response received during the first phase, more skill courses will be introduced in the colleges in the next academic session.
- g) Principals of Degree College Nobra and Khalste shall organize student exchange program or tour for students from their respective colleges to Government Degree College Drass or Government Degree College Kargil (Sankoo campus) once the labs are fully functional in these institutes. This will provide an opportunity for students of Degree College Nobra and Khalste, where no students have been enrolled in Skill Courses, to encourage to join skill courses.
- h) The proper launch and uniform branding of skill centers in all colleges is essential and once the laboratories are fully established in the colleges, a pan-UT launch of the skill centers in Degree Colleges shall be planned. The College Principals shall aim for the launch of the Skill Centers between September 10th and 15th, 2023. Furthermore, it was decided that the Hon'ble LG, Advisor to the H'LG (Chairperson GC LSDM) and the Sector Skill Council will be invited for the launch.

6. The introduction of a course on "employability skills" in collaboration with the Wadhvani Foundation was also discussed in the meeting. As faculty orientation program for the faculties nominated by the college principals has already concluded, it was decided that all

I/13807/2023
